

Mexican Mustang Liniment

cures Lameness, Soreness, Stiffness and Spavin in horses.

The quickest way,
The cheapest way,
and
The surest way
to cure

**Fire Burns,
Powder Burns,
or
Scalds from
Steam or Water,**

no matter how
severe the case
may be, is to
saturate a piece

of soft, old linen cloth with

Mexican Mustang Liniment

and bind it loosely over the wound.

It gives quick relief from the stinging, smarting agony, prevents inflammation from developing, heals the sore with a haste that is most gratifying, and so thoroughly that it seldom leaves a scar. Keep the cloth wet with the liniment.

THE JOKE.

Is Mightier Than the Pen—Ridicule
Often Cuts Deep.

Men who fear nothing else shrink from a joke upon themselves, says Caroline Ticknor, in the Atlantic. Soldiers who do not flinch before opposing guns dread to be made ridiculous. Woe to the national hero who makes one trifling mistake which may subject him to clever caricature! His meritorious career is henceforth shadowed by one colored illustration. A comic paper will tip the scales of justice, snatch the victor's prize from his extended palm, and rob the orator of choicest laurels. A brilliant satire will mar the fortunes of the greatest statesman; a laugh will turn the tide of a political convention.

Indeed, the joke is fast becoming mightier than the pen. The orator has learned its value, and even the clergyman resorts to it when he desires to stir the flagging interest of his flock. It furnishes sufficient excuse for the impertinence of children, and in its name the daily papers deride the highest national dignitaries.

What is the meaning of its steady growth in power? And what results may we predict from its humorous tyranny?

Is there a chance that our keen relish for fun may finally produce a kind of humorous dyspepsia resulting from overindulgence, unless with epicurean discrimination we demand quality, not quantity, and stubbornly refuse to swallow other than that which should appease a wholesome, nay cultivated, appetite in jokes?

BOSTON'S LOW BIRTH RATE.

More Deaths Than Births in Some of the Fashionable Wards.

Not since 1894 have so few children been born in Boston, says the Medical News. In 1901 the birth rate was only 27.10. During the year there was an actual gain in population of only 4,275. The proportion of native whites of native parentage is now only 36 per cent. of the whole population, and many of these are but two removes from an immigrant ancestry. It is very evident that the old American stock is dying out and that it will inevitably be replaced by the newcomers of the end of the nineteenth century and the beginning of the twentieth. The foreign born element constitutes about one-third of the births. Among the Italians there were 1,411 births, among the Russians 1,337 and among the Irish 3,591.

The highest birth rates in the city are found in those wards where live the poor and the foreigners. The lowest birth rates are found in the Back Bay and in the South End, in the middle of Roxbury, in West Roxbury and in Jamaica Plain. Three of these wards actually show an excess of deaths over births.

BAD SHOT.

Brought Down Weathercock Instead of Chicken That Flew Away.

The irascible gentleman had ordered a chicken. But when he got it he wasn't satisfied—some people never are.

"Waiter!" he yelled, "bring a charge of dynamite and a hatchet and an extra double steam power coke hammer. This chicken's got to be carved, even if it is made of Harveised steel."

The waiter was desolate.

"Very sorry, sir," he said, but that always was a peculiar bird. It even objected to be killed, though we always do everything with the greatest of kindness. But this bird, sir, actually flew away, and we had to shoot it, sir—yes, shoot it! It flew onto the top of a house, and—"

"Say no more," said the irascible customer. "I see it all now; you shot at it and brought down the weathercock by mistake. John, my friend, all is forgiven."—London Answers.

Salt and Life.

All eggs have a parthenogenetic tendency, which, as Boveri demonstrated at the last meeting of the German Society of Naturalists and Physicians, disappears through degeneration of the centrosoma. All that Prof. Loeb, of Chicago, did was to show that this parthenogenetic tendency could be stimulated in sea urchins by a normal salt solution. In certain infusoria the process of fecundation could be essentially in a subtle osmosis between the sexes. The experiments of Loeb did not create life, but simply stimulated bisexual generation at the expense of parthenogenesis. These experiments, therefore, demonstrate nothing as regards the cause of life.

**How to Get Strong.**

The Hon. Amos P. Atkins, who is one of the most prominent men of New Albany, Ind., and Treasurer of Floyd County, has this advice to give to those who are shut up within the narrow confines of office or shop:

"Dr. Pierce's Golden Medical Discovery seems to take the place of hard training in developing strength, vigor and endurance of the system and expelling all impurities, with which the blood sometimes gets clogged. I have found by personal experience that it enables me to do more hard work, and at the same time endure more physical strain and participate with greater vim in outdoor sports than anything I know of. It can always be relied upon to increase the appetite, induce healthful sleep, and tone and refresh a worn-out system."

"A number of my friends who have used it speak in the same high terms, and we have reason to consider it an office man's friend."

Dr. Pierce's Golden Medical Discovery is a blood-purifier and health-giving tonic that contains no alcohol, opium or other narcotic. It is a purely vegetable compound, made from roots

and herbs in an up-to-date pharmaceutical laboratory, and has been used and recommended by thousands of people during the past thirty-seven years.

\$3,000 Forfeit!

Will be cheerfully paid, in lawful money of the United States, by the undersigned, proprietors of Dr. Pierce's Golden Medical Discovery, if they cannot show the original testimonials and signatures of every testimonial among the thousands which they are constantly publishing attesting the superior curative properties of their several medicines, and thus proving the genuineness and reliability of all the multitude of testimonials volunteered by grateful people, in their behalf.

WORLD'S DISPENSARY MEDICAL ASSOCIATION.

"Some time has elapsed since I have written you in regard to the treatment I have been taking under your instructions," says Mr. E. F. Cingmars, of 533 Penn. Ave., Minneapolis, Minn. "When first I commenced taking your remedies I had been for four months under treatment of a well-known specialist in this city for catarrh and stomach trouble, rapidly getting worse. Got so bad that I could not eat anything that did not distress me terribly and I was obliged to quit taking the doctor's treatment entirely. I was greatly reduced in flesh. As a last resort I wrote to you and stated my case, and, after receiving your instructions I followed them closely. After taking five bottles of Dr. Pierce's Golden Medical Discovery and one vial of his 'Pleasant Pellets' I commenced to improve, and decided to continue the medicines and observe your instructions regarding hygienic treatment. It is now nearly six months since I commenced your treatment and I can say that I am well and never felt better in my life. Am very grateful to you for what your medicine has done for me."

"It has been about two months since I stopped using Dr. Pierce's Golden Medical Discovery," writes J. M. Venters, Esq., of Regina, Pike Co., Ky. "I stayed down in Texas last year and contracted chills and fever while there. I came back to Kentucky and was about shaking my boots off my feet when I commenced using it. I only weighed 149 pounds. Had been suffering with chills and fever for twelve months. Took treatment from my doctor and tried many different kinds of patent medicines, and all seemed to do no good. Since I have used four bottles of Dr. Pierce's Golden Medical Discovery, and one vial of his 'Pellets,' I feel well in every respect and weigh 186 pounds instead of only 149, my weight when I began its use. I advise the whole South to keep it their homes all the time, and I will guarantee they will have no more chills and fever if used as directed."

DO YOU KNOW YOUR OWN SYSTEM? A complete medical book and physiology of the body, is Dr. Pierce's Common Sense Medical Adviser, which can be had for the cost of postage, 31 cents in one-cent stamps for the cloth-bound book, or 21 stamps for the paper-bound volume of 1008 pages.
